Mr. Harold Weisberg
Route Eight
Frederick MD 21701

Dear Harold:

I can't tell you how much I enjoyed our meeting the other night. Finally I've met someone working on the assassinations who's not an out-and-out freak. Your personal courage and dedication are a real inspiration. Thanks again.

I've read the 'secret' minutes from the Warren Commission with horror and disbelief. I'm returning it, as I promised. May those 'fine' Americans rot in hell.

No word yet on your book project--and none will be forthcoming until I've had a chance to get down to Maryland and have a look. I'll be in touch with you toward the end of this week to give you a date.

Warmest regards,

Ernest Baxter
